DMButtons' ready-made covered buttons are from a standard fabric stock - batches may vary slightly in colour and finish. Buttons within the same order will be from the same batch where possible, future orders may be different. We cannot offer fabric matching for this service. If you want to match fabrics, colours and finishes you will need to provide your own fabric using our bespoke covered buttons service.

We do not offer refunds.

Orders of bridal buttons that are NOT in increments of 10 will be rounded up to the nearest 10

Postage will be charged by order quantity and value. See www.dmbuttons.com/pre-covered-buttons for more details.

Once we process your order an invoice will be sent via email for online bank transfer payment. During busy times there may be a delay to starting your order. You are more than welcome to call DMButtons to check the status of your order. Orders will be sent out the next working day after bank transfers have been made.
